PREFACE.

The Wills, etc., to which this volume is an Index, are those which appear in the Archbishops' Registers in the Diocesan Registry at York and is a further instalment of the Consistory Wills Index in Vol. 73 of the Record Series.

The reason for the documents being copied in the Registers was, that it has always been usual for the originals to be filed in the Registry, but during the period (1316-1822) now dealt with, if executors requested delivery of the original Will, it was handed over, and a copy written in the Register.

It will be observed that to many entries "C.W." are added, these also appear in Vol. 73, it was considered expedient to include these.

There are several surnames which are worthy of mention :—
Richard Appilzhard, John Atte Friers, John Atte Kyrkehate, John Attelane, Joan At Vicars, William Goodnaybour, William Sweetapple, Alice Mustardmaker.

The late Dr. Wm. Brown added many particulars of dates of wills, places of burial, etc., down to 1612, which have lightened our labours.

ARTHUR V. HUDSON.
